Product specification

Ergonomics design, suitable for both left and right hands.

800-1600DPI solution, helps you position quickly and accurately.

2.4GHz wireless technology can provide reliable connection within 360 degrees and 10 meters without any interference.

Small and exquisite appearance, easy to carry, makes you free to work on the computer.

MINI receiver can be hidden inside the mouse, very convenient and portable.

Measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.
